DETAILED ACTION

Response to Amendment

1. Claims 2 and 3 are pending in this application. Claim 2 has been amended by the amendment of 21 January 2009.

Claim Rejections - 35 USC § 103

2. Claims 2 and 3 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Caren et al. (US 6,029,442) in light of Evans et al. (US 6,479,023 B1), for the same reasons as of record. Further, Caren discloses in the method for reducing pollutants in the exhaust gas produced by combustion of fuel that an internal combustion engine draws in ambient air, mixes the air with fuel, and introduces the mixtures of air and fuel into a combustion chamber, where the mixture of air and fuel is ignited and burned and where the exhaust gas is formed from the combustion (c. 1, l. 28-37). As such, the formed exhaust gas is at a high temperature as result from the burning or the combustion of fuel. This is known as shown in c. 1, l. 55-63 of Evans. Further, since Caren discloses the subjection of the formed exhaust gas to a corona discharge, Caren's method inherently comprises the step of heating the exhaust gas as now claimed where the internal combustion engine reads on the recited heater.

Response to Arguments

3. Applicant's arguments filed 21 January 2009 have been fully considered but they are not persuasive for reasons as stated in the preceding paragraph #2.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
